

CLARISSA ROSANIA

CREATIVE *Director*

Clarissa Rosania is a fashion brand dedicated to ***Dressing Emotions***. Its inspiration comes from the beauty of everyday life. Born and raised in Barranquilla, Colombia, a city where the emphasis on beauty, aesthetics, and fashion trends is a part of the daily life of women. This contributed to Clarissa's development of a meticulous eye for the distinctive details that have come to epitomize her collection.

BEHIND

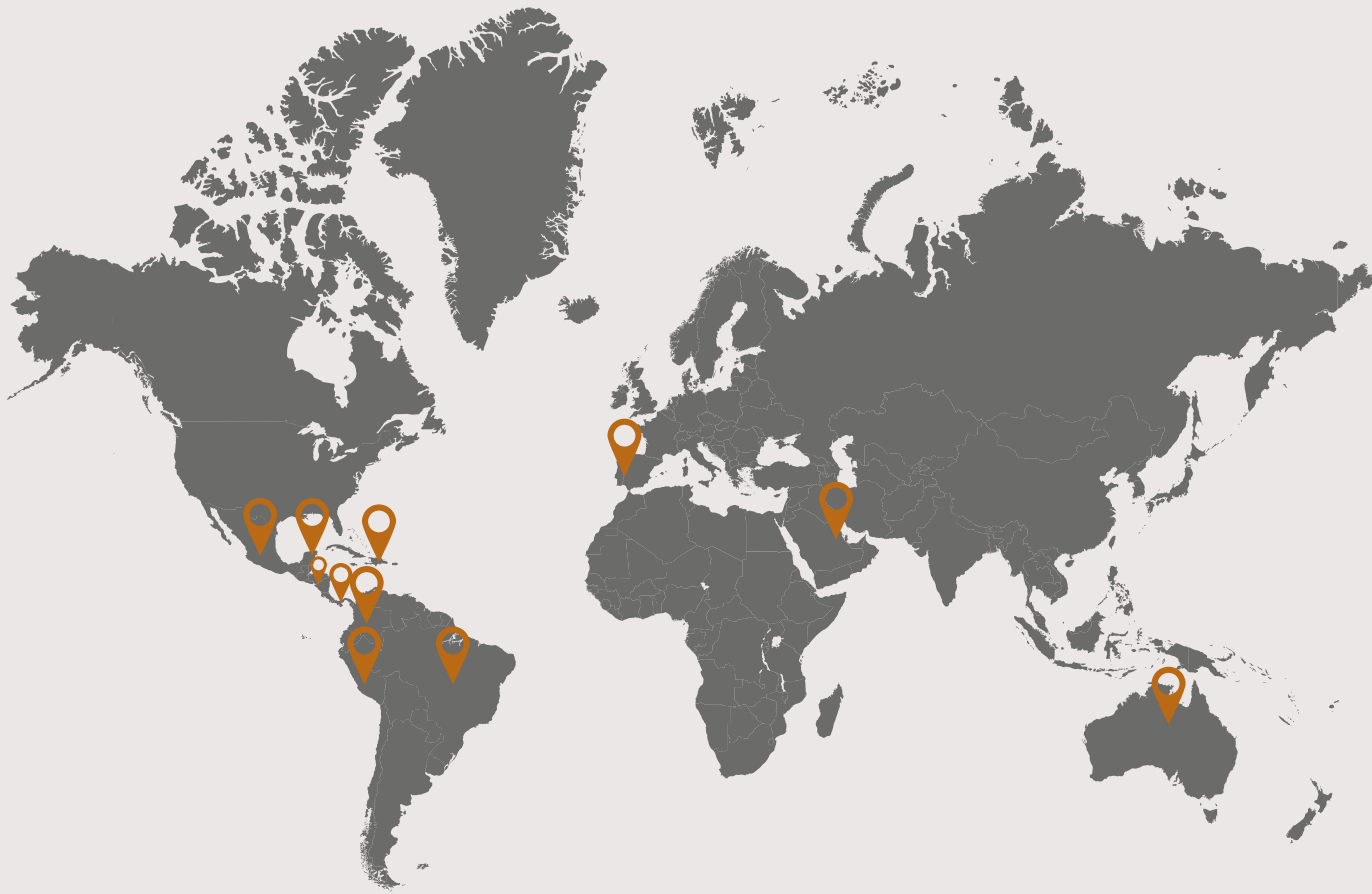

the art of design

Clarissa Rosania is firmly committed to making beautifully crafted clothes through a responsible process with both the planet and our team members. Each of the units is made on demand, avoiding overstock and waste. Our prints are eco-friendly with certified dyes and no use of water or paper. Clarissa controls each design from its initial sketches to its actual creation to ensure perfection in fit and refinement in details.

There are plenty of couture techniques in the construction process of each piece that make this ready-to-wear line especially exquisite to the eye. The result is modern *sophistication tailored to perfection*.
